

CanSurvive UK

Supporting people living with or affected by cancer

Food And Support Team

A culturally appropriate food delivery service

Have you been diagnosed with cancer, or are you going through/recovering from cancer treatment or caring for someone with cancer and therefore isolating due to COVID19?

Would you welcome the delivery of a hot meal or food basket to your home?

CSUK FAST is a culturally appropriate service for our service users and wider community members who meet the criteria. Please note resources are limited, however we will try our best to meet your requirements.

For a confidential chat on how to access or refer someone to our FAST service or for more information about how Can-Survive UK can support you during these challenging times, please contact us on:

Mobile: 07496 089310 / 07949 949782 (Mon to Fri, 9am to 5pm)

Email: info@can-survive.org.uk

All food will be prepared and delivered in line with current government Covid-19 guidelines.

This service is for Manchester residents only.

Funded by Forever Manchester Community Support Fund.
